Unfortunately Kindle tablets are not compatible with Overdrive ebooks.

**STEP 1**
Connect your eReader to your computer.

**STEP 2**

**STEP 3**
On your computer, open your library’s OverDrive website and borrow an eBook.

wcl.overdrive.com

**STEP 4**
From your Loans page, select a download format for your borrowed eBook. For the best experience, we recommend EPUB or Open EPUB.
Downloaded eBooks open in Adobe Digital Editions (ADE). If prompted, authorize your computer with a free Adobe ID or OverDrive account (this is required to download protected eBooks).

**STEP 5**
To transfer an eBook to your eReader, drag and drop it from your ADE library into your eReader, which should appear on the left under “Devices.”
Once you’ve transferred a library eBook, you can read it on your device just like any other eBook.

---

You can borrow eBooks from your library and transfer them to compatible eReaders using free Adobe® Digital Editions (ADE) software on your Windows® or Mac® computer.

**NOTE:** If you have a NOOK GlowLight Plus or Kobo Aura ONE, your device works a little differently than the steps below. Also, if your device can install apps, you may be able to use our new Libby app or the original OverDrive app to borrow and download eBooks directly on your device. For more help, visit help.overdrive.com.
